BASIC FINANCIAL STATEMENTS

INDEPENDENT AUDITORS' REPORT

To the Board of Supervisors
Coral Springs Improvement District
Coral Springs, Florida

We have audited the accompanying basic financial statements of the governmental activities and the business-type activities, and each major fund of Coral Springs Improvement District (the "District") as of and for the year ended September 30, 2012, which collectively comprises the District's basic financial statements as listed in the table of contents. These basic financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these basic financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and the disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities and each major fund of Coral Springs Improvement District, as of September 30, 2012, and the respective changes in financial position and the cash flows where applicable, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated December 17, 2012, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 7 and schedule of funding progress - other post-employment benefits on page 33 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operations, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Coral Springs Improvement District

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Coral Springs Improvement District's financial statements as a whole. The schedule of operating expenses by department on page 35 as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements of Coral Springs Improvement District. The schedule of operating expenses by department is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

**CORAL SPRINGS IMPROVEMENT DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
September 30, 2012**

Our discussion and analysis of Coral Springs Improvement District's (the District) financial performance provides an objective and easily readable analysis of the District's financial activities. The analysis provides summary financial information for the District and should be read in conjunction with the District's financial statements. The District implemented new reporting standards three years ago which resulted in significant changes in content and structure. Therefore, comparisons are now more meaningful and go further in explaining the District's financial position and results of operations.

FINANCIAL HIGHLIGHTS

The following are the highlights of financial activity for the year ended September 30, 2012:

- The District's total assets exceeded total liabilities by \$ 48,539,654 (net assets). Unrestricted net assets for governmental activities were \$ 7,253,559.
- Governmental activities revenues totaled \$ 2,282,482 while governmental activities expenses totaled \$ 1,095,941. Business-type revenues totaled \$ 12,502,404, including interest income and unrealized gains on investments totaling \$ 59,889. Business-type expenses totaled \$ 9,343,137.

OVERVIEW OF THE FINANCIAL STATEMENTS

The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to basic financial statements. The government-wide financial statements present an overall picture of the District's financial position and results of operations. The fund financial statements present financial information for the District's major funds. The notes to basic financial statements provide additional information concerning the District's finances that are not disclosed in the government-wide or fund financial statements.

Government-Wide Financial Statements

The Government-wide financial statements are the statement of net assets and the statement of activities. These statements use accounting methods similar to those used by private-sector companies. Emphasis is placed on the net assets of governmental activities and business-type activities and the change in net assets. Governmental activities are primarily supported by property tax assessments. Business-type activities are supported by charges to the users of those activities, such as water and sewer services.

The statement of net assets presents information on all assets and liabilities of the District, with the difference between assets and liabilities reported as net assets. Net assets are reported in three categories: 1) invested in capital assets, net of related debt; 2) restricted and; 3) unrestricted. Assets, liabilities, and net assets are reported for all governmental activities separate from the assets, liabilities, and net assets of business-type activities.

**CORAL SPRINGS IMPROVEMENT DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
September 30, 2012**

The statement of activities presents information on all revenues and expenses of the District and the change in net assets. Expenses are reported by major function and program. Revenues relating to those functions are reported, providing the net cost of all functions provided by the District. To assist in understanding the District's operations, expenses have been reported as governmental activities or business-type activities. Governmental activities financed by the District include physical environment and general government. Business-type activities financed by user charges include water and sewer services.

Fund Financial Statements

Fund financial statements present financial information for governmental funds and proprietary funds. These statements provide financial information for the major funds of the District. Governmental fund financial statements provide information on the current assets and liabilities of the fund, changes in current financial resources (revenues and expenditures), and current available resources. The enterprise fund financial statements provide information on all assets and liabilities of the fund, changes in the economic resources (revenues and expenses), and total economic resources.

Fund financial statements include a balance sheet and a statement of revenues, expenditures and change in fund balance for the governmental fund. A statement of revenues, expenditures, and change in fund balance - budget and actual, is provided for the District's General Fund. For enterprise funds, a statement of net assets, a statement of revenues, expenses and change in net assets, and a statement of cash flows are presented. Fund financial statements provide more detailed information about the District's activities. Individual funds are established by the District to track revenues that are restricted to certain uses and to comply with legal requirements.

The government-wide financial statements and the fund financial statements provide different pictures of the District. The government-wide financial statements provide an overall picture of the District's financial standing, split between governmental activities and business-type activities. These statements are comparable to private-sector companies and give a good understanding of the District's overall financial health and how the District paid for the various activities, or functions, provided by the District. All assets of the District, including buildings, land, machinery and equipment, construction-in-progress and infrastructure are reported in the statement of net assets. All liabilities, including principal outstanding on bonds, and future employee benefits, obligated but not paid by the District, are included. The statement of activities includes a provision for depreciation of all long-lived assets of the District, but transactions between the different functions of the District have been eliminated in order to avoid "doubling up" the revenues and expenses. The fund financial statements provide a picture of the major funds of the District. In the case of governmental activities, outlays for long-lived assets are reported as expenditures and long-term liabilities, such as general obligations bonds, are not included in the fund financial statements. To provide a link from the fund financial statements to the government-wide financial statements, reconciliations are provided from the fund financial statements to the government-wide financial statements.

Notes to the Basic Financial Statements

The notes provide additional detail concerning the financial activities and financial balances of the District. Additional information about the accounting practices of the District, investments of the District, debt, and retirement plans are some of the items included in the notes to basic financial statements.

ANALYSIS OF THE GOVERNMENTAL FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The focus of the District's governmental fund is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a District's net resources available for spending at the end of the fiscal year. The General Fund is the only governmental fund.

As of the end of the current fiscal year, the District's governmental fund reported an ending fund balance of \$ 7,318,687.

CAPITAL ASSETS AND DEBT ADMINISTRATION

The District's capital assets less accumulated depreciation for its governmental activities and business-type activities as of September 30, 2012 amounts to \$ 1,609,831 and \$ 62,113,391, respectively, and consists of land, buildings, infrastructure, machinery and equipment, and construction-in-progress.

At the end of the year, the District's business activities had general obligation bond debt outstanding of \$ 46,238,198 net of unamortized bond discount of \$ 751,819 and deferred losses on early retirement of \$ 94,983.

Additional information on the District's debt can be found in Note 7 on pages 28 and 29 of this report.

General Fund Budgetary Highlights

An operating budget for the General Fund was adopted and maintained by the governing board for the District pursuant to the requirements of Florida Statutes. The General Fund budget is adopted using the same basis of accounting that is used in preparation of the fund financial statements.

**CORAL SPRINGS IMPROVEMENT DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
September 30, 2012**

ECONOMIC FACTORS AND NEXT YEAR'S UTILITY RATES

The District approved a 5% increase in utility rates for the fiscal year ended September 30, 2013.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of Coral Springs Improvement District's finances for all those with an interest. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Coral Springs Improvement District, 10300 N.W. 11th Manor, Coral Springs, Florida 33071.

CORAL SPRINGS IMPROVEMENT DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
September 30, 2012

NOTE 1 - ORGANIZATION AND OPERATIONS

The Coral Springs Improvement District (the "District") was incorporated under the provisions of Chapter 70-617, Laws of Florida, for the purpose of constructing and maintaining systems of drainage, flood control and water and sewer utilities within the boundaries of the District. Its utilities currently service approximately 9,500 customers.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the District have been prepared in conformity with generally accepted accounting principles as applied to governmental units. The District's more significant accounting policies are described below.

Reporting entity:

The criteria used for including component units consists of identification of legally separate organizations for which the Board of Supervisors of the District are financially accountable. This criteria also includes identification of organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's basic financial statements to be misleading or incomplete. Based upon this review, there were no potential component units of the District.

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The District has both governmental and business-type activities.

In the government-wide statement of net assets, the governmental activities column is presented on a consolidated basis, if applicable, and is reported on a full-accrual, economic resource basis, which recognizes all noncurrent assets and receivables as well as all noncurrent debt and obligations. The effect of inter-fund activity has been eliminated from the government-wide financial statements.

The government-wide statement of activities reports both the gross and net cost of each of the District's functions. The net costs, by function, are also supported by general revenues, other revenue, etc. The statement of activities reduces gross expenses by related program revenues, operating and capital grants. Program revenues must be directly associated with the function. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflect capital-specific grants.

This government-wide focus is more on the ability to sustain the District as an entity and the change in the District's net assets resulting from the current year's activities.

The accounts of the District are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, net assets, revenues and expenditures (expenses). The various funds are summarized by type in the basic financial statements. The following fund types are used by the District:

General Fund - The General Fund is established to account for all financial transactions not properly accounted for in another fund.

CORAL SPRINGS IMPROVEMENT DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
September 30, 2012

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Water and Sewer Fund - The Water and Sewer Fund is an enterprise fund established to account for operations that are to be financed and operated in a manner similar to private business enterprises. The costs of providing services to customers are to be recovered primarily through user charges.

Measurement focus, basis of accounting, and presentation:

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the basic financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied. Governmental funds use the current financial resources measurement focus and the government-wide statements use the economic resources measurement focus.

Governmental activity in the government-wide financial statements is presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

The governmental fund is accounted for using the modified accrual basis of accounting. Revenues are recognized when they become measurable and available for use. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The District considers revenues available if they are collected within sixty days after year end. Expenditures are generally recognized when the liability is incurred, except that interest payable on debt is recognized only when due.

The Proprietary Fund uses the accrual basis of accounting. Revenue is recognized when earned and expenses are recognized when incurred.

The private sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards. Governments also have the option of following subsequent private sector guidance for their business-type activities and enterprise funds, subject to the same limitation. The District has elected not to follow subsequent private sector guidance.

Budgets and budgetary accounting:

The District's annual budgets are adopted for the General Fund and Water and Sewer Fund and approved by the Board of Supervisors. The budget amounts presented in the accompanying basic financial statements are as originally adopted by the District's Board of Supervisors. Any amendments to the budget are reflected in the amended budget.

The General Fund budget is prepared on a basis consistent with generally accepted accounting principles (GAAP). This budget is a financial plan approved in the manner authorized by law, but not subject to appropriation.

Encumbrances:

The District does not utilize encumbrance accounting.

CORAL SPRINGS IMPROVEMENT DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
September 30, 2012

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Cash equivalents:

For purposes of the statement of cash flows, the Water and Sewer Fund considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents.

Investments:

Investments are stated at their fair value, which is based on quoted market prices. Unrealized gains and losses in fair value are recognized. Certain investments are stated at amortized cost if they have a remaining maturity of one year or less when purchased.

Accounts receivable:

Accounts receivable reflected in the Water and Sewer Fund consist of charges to customers for service including sewer revenues on services which have been rendered whether billed or not. No allowance for doubtful accounts is considered necessary.

Prepaid expenses/expenditures:

Certain payments reflect costs applicable to a future accounting period and are recorded as prepaid items in both the government-wide and fund financial statements.

Capital assets:

Capital assets, which include land, buildings, infrastructure, machinery and equipment and construction-in-progress, are reported in the governmental or business-type activities columns in the government-wide financial statements. All capital assets are valued at historical cost or estimated cost when actual historical cost is not available. Donated capital assets are valued at their estimated fair value on the date donated. The District defines capital assets as assets with an initial individual cost of more than \$ 1,000 and an estimated useful life in excess of one year. Depreciation on all capital assets is charged to operations using the straight-line method over the assets' estimated service lives, ranging from 5 to 40 years.

The costs of normal maintenance and repairs that do not add to the value of the capital asset or materially extend its life are not capitalized.

Due to/from other funds:

Short-term inter-fund advances, when applicable, are recorded by the advancing fund as a receivable with a corresponding payable recorded by the receiving fund. Repayments reduce the corresponding receivable and payable. Inter-fund balances are eliminated in the government-wide financial statements.

Bond issuance costs:

Bond issuance costs in the Water and Sewer Fund are amortized over the lives of the bond issues using the straight-line method which approximates the interest method.

CORAL SPRINGS IMPROVEMENT DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
September 30, 2012

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Equity classifications:

Government-wide statements

Equity is classified as net assets and displayed in three components:

- a. Invested in capital assets, net of related debt - consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds or other borrowings that are attributable to the acquisition, construction or improvement of those assets.
- b. Restricted net assets - consists of net assets with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or 2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net assets - all other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

Fund statements

The District previously adopted GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. This statement requires that governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

Nonspendable: This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact. The District did not have any nonspendable fund balance as of September 30, 2012.

Restricted: This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation. Debt service resources are to be used for future servicing of the revenue note and are restricted through debt covenants. The District did not have any restricted fund balance as of September 30, 2012.

Committed: This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the District Board of Supervisors (the "Board"). These amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same type of action (ordinance or resolution) that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements. The District did not have any committed fund balance as of September 30, 2012.

CORAL SPRINGS IMPROVEMENT DISTRICT
 NOTES TO BASIC FINANCIAL STATEMENTS
 September 30, 2012

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Assigned: This classification includes amounts that are constrained by the District's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Board or through the Board delegating this responsibility to the District manager through the budgetary process. This classification also includes the remaining positive fund balance for all governmental funds except for the General Fund. The District had \$ 6,544,732 in assigned fund balances as of September 30, 2012.

Unassigned: This classification includes the residual fund balance for the General Fund.

When the District has expenditures for which committed, assigned or unassigned fund balance is available, the District would consider committed funds to be spent first, then assigned funds and lastly unassigned funds.

Property tax calendar (assessments):

Property tax assessments are validated with the Broward County Property Appraiser and collected by the Broward County Tax Collector. The key dates in the property tax cycle are as follows:

Preceding Fiscal Year:

Enforceable lien date	January 1
Tax roll validated	July 1
Taxes levied	July 15

Current Fiscal Year:

Beginning of fiscal year for which Taxes have been levied	October 1
Tax bills rendered	November 1
Tax due date	March 31
Delinquent tax lien	April 30
Tax certificates sold	June 1

Use of estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Date of management review:

Subsequent events were evaluated through December 17, 2012, which is the date the financial statements were available for issuance.

CORAL SPRINGS IMPROVEMENT DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
September 30, 2012

NOTE 3 - DEPOSITS AND INVESTMENTS

Deposits:

The District's deposits must be placed with banks and savings and loans which are qualified as public depositories prior to receipt of public monies under Chapter 280, Florida Statutes. As of September 30, 2012, all non-interest bearing deposits are fully insured by the FDIC and interest bearing deposits are insured by the FDIC up to \$ 250,000. Monies deposited in amounts greater than the insurance coverage are secured by the banks pledging securities with the State Treasurer in the collateral pool. At year end, the carrying amount of the District's bank deposits was \$ 12,140,611 and the bank balance was \$ 12,243,212. In addition, the District had \$ 10,500 in petty cash.

Investments:

The investment of funds is authorized by Florida Statutes, which allows the District to invest in the Local Government Surplus Funds Trust or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act, SEC registered money market funds with the highest credit quality rating, interest-bearing time deposits or savings accounts in qualified public depositories and direct obligations of the United States Treasury. Certain investments of the enterprise fund are governed by Bond Indentures.

Investments as of September 30, 2012 were as follows:

	Reported Amount - Fair Value or Amortized Cost	Maturity
Money Market mutual funds	\$ 17,544,703	N/A
Certificates of Deposit	508,769	Between 6/8/2013 and 10/1/14
SBA (State Investment Pool) - Fund B	70,861	Weighted average life 4.08 years
Prime	1,466	39 days
	\$ 18,125,799	

These deposits and investments are reflected in the accompanying statement of net assets as cash and cash equivalents of \$ 29,768,141 and investments of \$ 508,769.

Credit risk:

Florida Statutes require the money market mutual funds held by the District to have the highest credit quality rating from a nationally recognized rating agency. The money market mutual funds held by the District are rated AAAM by Standard and Poor's and Aaa by Moody's Investors Service. The State Investment Pool is unrated.

Interest rate risk:

Florida Statutes state that the investment portfolio be structured in such a manner as to provide sufficient liquidity to pay obligations as they come due. The District's investments are not subject to interest rate risk.

CORAL SPRINGS IMPROVEMENT DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
September 30, 2012

NOTE 3 - DEPOSITS AND INVESTMENTS (continued)

Custodial credit risk:

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. None of the District's investments are subject to custodial credit risk.

Restricted cash and cash equivalents:

The proprietary fund maintains cash and cash equivalents restricted for the following purposes:

Bond proceeds for capital outlay	\$	5,101,605
Future debt service		1,401,026
Renewal and replacement of capital assets		<u>3,060,966</u>
 Total restricted cash and cash equivalents	 \$	 <u><u>9,563,597</u></u>

NOTE 4 - DUE FROM OTHER SOURCES

The District has an ongoing capital project for the construction of new water and wastewater plants. The District paid the project engineer certain funds at the beginning of the project for design work based on initial projections of total construction costs. When the project was bid, there was a substantial reduction in overall costs which resulted in a proportionate reduction of the design costs for both plants. The resulting reduction in design costs are represented as a receivable from the engineer in the amount of \$ 442,521 and will be realized at the end of construction.

NOTE 5 - CAPITAL ASSETS

The following is a schedule of changes in capital assets during the year ended September 30, 2012:

	Balance, October 1, 2011	Additions	Deletions	Transfers	Balance, September 30, 2012
Governmental Activities:

NOTE 5 - CAPITAL ASSETS (continued)

Provision for depreciation was charged to functions as follows:

Total provision for depreciation - governmental activities	\$ <u>130,838</u>
Total provision for depreciation - business-type activities	\$ <u>2,469,689</u>

NOTE 6 - COMMITMENTS

The District has awarded various construction contracts in the proprietary fund. As of September 30, 2012, commitments on uncompleted construction contracts totaled \$ 637,463.

NOTE 7 - DEBT

a. Summary of debt of business-type activities:

Debt at September 30, 2012 included the following:

\$ 43,255,000 Subordinate Water and Sewer Revenue Bonds, Series 2007; due in annual installments beginning June 2015 through June 2037; interest payable semi-annually at rates ranging from 3.75% to 4.75% (net of unamortized bond discount of \$ 751,819).	\$ 42,503,181
\$ 9,120,000 General Obligation Water and Sewer Revenue Refunding Bonds, Series 2002; due in annual installments through June 2014; interest payable semi-annually at rates ranging from 1.45% to 4%.	3,830,000
Deferred loss on early retirement of Series 2002 Bonds in the amount of \$ 607,890. The loss is reported as a deduction from bonds payable, net of \$ 512,908 in accumulated amortization. Amortization will be provided through 2014 using the straight-line method.	<u>(94,983)</u>
	\$ <u>46,238,198</u>

NOTE 7 – DEBT (continued)

The following is a summary of the changes that occurred in the Water and Sewer Fund debt during the year ended September 30, 2012:

	Balance, October 1, 2011	Additions	Deletions	Provision for Amortization	Balance, September 30, 2012	Due Within One Year
Subordinate Water and Sewer Bonds, Series 2007	\$ 42,472,658	\$ -	\$ -	\$ 30,523	\$ 42,503,181	\$ -
General Obligation Water and Sewer Bonds Revenue Refunding Series 2002	5,645,000	-	1,815,000	-	3,830,000	1,880,000
Deferred loss on early retirement of Series 2002 bonds	(151,972)	-	-	56,989	(94,983)	-
	<u>\$ 47,965,686</u>	<u>\$ -</u>	<u>\$ 1,815,000</u>	<u>\$ 87,512</u>	<u>\$ 46,238,198</u>	<u>\$ 1,880,000</u>

b. Summary of significant bond terms of business-type activities:

\$ 43,255,000 Subordinate Water and Sewer Revenue Bonds, Series 2007 - The District previously issued \$ 43,255,000 of Series 2007 Subordinate Water and Sewer Revenue Bonds. The bonds bear interest at rates ranging from 3.75% to 4.75% and mature in June 2037. Interest is payable on the first day of June and December.

The Bonds are payable from the net revenues of the water and sewer system of the District. The District covenants to maintain utility rates which will be sufficient to pay its operating expenses and 110% of the annual required principal and interest on the Bonds. In lieu of funding the Series 2007 Reserve Fund with cash and/or securities, the District purchased a debt service reserve surety bond which guarantees the payment of any installment of principal and/or interest as such payments become due on the 2007 Bonds. The Series 2007 Bonds maturing after June 1, 2017 are subject to redemption prior to maturity at the option of the District. The Series 2007 Bonds maturing on June 1, 2022 through 2037 are subject to mandatory sinking fund redemption in part by lot prior to their scheduled maturity as outlined in the Bond Indenture. In addition, the Bonds established a Renewal and Replacement Fund as discussed in Note 8.

\$ 9,120,000 General Obligation Water and Sewer Revenue Refunding Bonds, Series 2002 - The District previously issued \$ 9,120,000 of Series 2002 General Obligation Water and Sewer Revenue Refunding Bonds which redeemed the remaining balance of the Series 1978 Bonds and the portion of the Series 1992 Bonds that was scheduled to mature in June 2014. As a result of the refunding, the District incurred a loss of \$ 607,890, which is being amortized over the term of the new bonds. The Bonds bear interest at rates ranging from 1.45% to 4%. Interest is payable each year on June 1 and December 1 until their maturity in June 2014, or their redemption.

CORAL SPRINGS IMPROVEMENT DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
September 30, 2012

NOTE 7 – DEBT (continued)

The Bonds are payable from the net revenues of the water and sewer system of the District, and are additionally secured by a pledge of ad valorem taxes levied by the District, to the extent the net revenues are insufficient to make the payments. In connection with these Bonds, the District must continue to maintain fees and rates in order to meet debt service requirements in the amount of 110% of annual debt service. As part of the refunding, in lieu of establishing a reserve fund, the District purchased a debt service reserve surety bond which guarantees the payment of any annual installment amount due. In addition, the Bonds established a Renewal and Replacement Account as discussed in Note 8.

c. Summary of future debt service requirements:

The annual debt service requirements are as follows:

<u>Year Ending September 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2013	1,880,000	2,126,656	4,006,656
2014	1,950,000	2,056,156	4,006,156
2015	1,125,000	1,978,156	3,103,156
2016	1,170,000	1,935,969	3,105,969
2017	1,215,000	1,889,169	3,104,169
2018-2022	6,905,000	8,624,469	15,529,469
2023-2027	8,570,000	6,955,500	15,525,500
2028-2032	10,735,000	4,791,326	15,526,326
2033-2037	13,535,000	1,988,590	15,523,590
	<u>\$ 47,085,000</u>	<u>\$ 32,345,991</u>	<u>\$ 79,430,991</u>

NOTE 8 - RESTRICTED NET ASSETS

Proprietary Fund:

Pursuant to the 2002 Series and 2007 Series Bond Indentures, reserve funds are required to meet the maximum principal and interest requirement for any succeeding year. The District satisfied this requirement by purchasing debt service reserve surety bonds that guarantee an amount equal to the maximum debt service of any succeeding year.

The 2002 Series and 2007 Series Bonds established a Renewal and Replacement Account to be used for the purpose of paying the costs of nonrecurring maintenance expenditures, extensions, improvements or additions to, or the replacement of the water and sewer system. Monthly deposits are required to be made from revenues available after required debt service coverage until such balance reaches \$ 1,000,000. Current year renewal and replacement deposits were not necessary for the year ended September 30, 2012 and interest earnings were \$ 3,444. The balance in the Renewal and Replacement Account at September 30, 2012 was \$ 3,060,966 which is reflected as restricted net assets in the accompanying statement of net assets for the proprietary fund.

CORAL SPRINGS IMPROVEMENT DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
September 30, 2012

NOTE 9 - COMPENSATED ABSENCES PAYABLE

Employees of the District accumulate unused sick time and vacation time up to a specified number of hours depending on the employee's length of employment. Accumulated vacation time can be redeemed in cash at retirement. Accumulated sick time is not generally payable in cash except for the sick time of three employees from each fund which were grandfathered in when the District changed its policy regarding payment for accumulated sick time. The accumulated liability for the unused compensated absences at September 30, 2012 of the General Fund is considered to be payable from future resources and, accordingly, is only recorded in the governmental activities column of the statement of net assets.

The following is a schedule of the changes in compensated absences of the General Fund:

	<u>Balance, October 1, 2011</u>	<u>Increase</u>	<u>Balance, September 30, 2012</u>
Vacation time	\$ 27,456	\$ 2,120	\$ 29,576
Sick time	<u>20,850</u>	<u>382</u>	<u>21,232</u>
Total	<u>\$ 48,306</u>	<u>\$ 2,502</u>	<u>\$ 50,808</u>

The following is a schedule of the changes in compensated absences of the Proprietary Fund:

	<u>Balance, October 1, 2011</u>	<u>Decrease</u>	<u>Balance, September 30, 2012</u>
Vacation time	\$ 152,086	\$ (5,576)	\$ 146,510
Total	<u>\$ 152,086</u>	<u>\$ (5,576)</u>	<u>\$ 146,510</u>

NOTE 10 - RETIREMENT PLAN

The District has a defined contribution pension plan qualified under Sections 401(a), 403(a), and 501(a) of the Internal Revenue Code. The Plan is administered by independent trustees. All employees who meet the one year of service requirement are qualified to participate. Employees are prohibited from making voluntary contributions to the Plan. The District's required contribution is 6% of the total salaries of qualified participants. Total salaries for the year were \$ 2,641,861. Total salaries of qualified participants were \$ 2,424,054. Each participant's non-forfeitable percentage of his employer's contribution account increases (vests) at 20% for each year of service. Employer contributions for the year, less forfeitures from terminated employees, totaled \$ 145,437 and are included in personnel services of the General and Water and Sewer Funds.

CORAL SPRINGS IMPROVEMENT DISTRICT
 NOTES TO BASIC FINANCIAL STATEMENTS
 September 30, 2012

NOTE 11 – POST-EMPLOYMENT BENEFITS

Funding Policy

The District provides no post-retirement benefits to retired employees but is required by state law to provide the availability for retirees to enroll in the health plan offered to its employees on a cost reimbursement basis.

The District does not directly make a contribution to provide retired employees with health care benefits. Retirees and their beneficiaries pay the same group rates as are charged to the District for active employees by its healthcare provider. However, the District’s actuaries, in their actuarial valuation, calculate an offset to the cost of these benefits as an employer contribution, based upon an implicit rate subsidy. This offset equals the total age-adjusted costs paid by the District or its active employees for coverage of the retirees and their dependents for the year net of the retiree’s own payments for the year.

The District’s annual other post-employment benefit (OPEB) cost is calculated based on the annual required contribution (ARC) of the employer, an amount actuarially determined in accordance with GASB Statement No. 45 *Accounting and Financial Reporting by Employers Benefits Other Than Pensions*. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and to amortize any unfunded actuarial liabilities over a period not to exceed 30 years.

The annual OPEB cost for the District for the current year and the related information is as follows:

Required contribution rates:	Pay-as-you-go
Employer	
Plan members	\$ -
Annual required contribution	60,000
Interest on net OPEB obligation	3,000
Adjustment to annual required contribution	<u>(6,000)</u>
Annual OPEB cost	57,000
Contributions made (credit for implied subsidy)	<u>(9,000)</u>
Increase in net OPEB obligation	48,000
Net OPEB obligation - beginning of year	<u>75,000</u>
Net OPEB obligation - end of year	<u><u>\$ 123,000</u></u>

The annual OPEB cost, the percentage of annual OPEB cost contributed to the plan and the net OPEB obligation for the fiscal year ended September 30, 2012 was:

Annual OPEB cost	\$ 57,000
Percentage of OPEB cost contributed	16%
Net OPEB obligation	<u><u>\$ 123,000</u></u>

CORAL SPRINGS IMPROVEMENT DISTRICT
 NOTES TO THE FINANCIAL STATEMENTS
 September 30, 2012

NOTE 11 – POST-EMPLOYMENT BENEFITS (continued)

Funded Status and Funding Progress

The funded status of the plan as of October 1, 2010 was as follows:

Actuarial accrued liability	\$	295,000
Actuarial value of plan assets		-
Unfunded actuarial accrued liability (UAAL)	\$	295,000
Funded ratio		-
Covered payroll	\$	2,742,000
UAAL as a percentage of covered payroll		10.8%

The actuarial valuation for the calculation of OPEB involves estimates of the value of reported amounts and assumptions about the probability of events in the future. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The required schedule of funding progress presented as required supplementary information is designed to provide multi-year trend information to show whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits. However, the District has not contributed assets to the plan at this time.

Actuarial Methods and Assumptions

Projections of benefits are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits in force at the valuation date and the pattern of sharing benefit costs between the District and the plan members to that point. Actuarial calculations reflect a long-term perspective and employ methods and assumptions that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. Significant methods and assumptions were as follows:

Actuarial valuation date	October 1, 2012
Actuarial cost method	Projected union credit
Amortization method	15-year open period; level dollar payment
Actuarial assumptions:	
Investment rate of return	4.00% per annum *
Healthcare cost trend rates	9.00% for 2012/2013 graded
Select rate	to 5.00% for 2019/2020
Ultimate rate	5.00% per annum

* Includes inflation at 2.75% per annum

CORAL SPRINGS IMPROVEMENT DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
September 30, 2012

NOTE 12 - RISK MANAGEMENT

The District is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees, and natural disasters. The District carries commercial insurance to handle these various risks of losses.

Claims, expenditures, and liabilities would have been reported if it were probable that a loss in excess of policy limits had occurred and the amount of that loss could be reasonably estimated.

**OTHER REPORTS OF
INDEPENDENT AUDITORS**

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

The Board of Supervisors
Coral Springs Improvement District
Coral Springs, Florida

We have audited the accompanying financial statements of the governmental activities and the business-type activities, which represent the major funds of Coral Springs Improvement District (the "District") as of and for the year ended September 30, 2012, which collectively comprises the District's basic financial statements as listed in the table of contents and have issued our report thereon dated December 17, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

Management of the District is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing an opinion on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of basic financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Coral Springs Improvement District

This report is intended solely for the information and use of District management, members of the Board of Supervisors, and the Auditor General of the State of Florida, and is not intended to be and should not be used by anyone other than these specified parties.

KEEFE, McCULLOUGH & CO., LLP

Fort Lauderdale, Florida
December 17, 2012

INDEPENDENT AUDITORS' REPORT TO DISTRICT MANAGEMENT

The Board of Supervisors
Coral Springs Improvement District
Coral Springs, Florida

We have audited the financial statements of Coral Springs Improvement District (the "District"), as of and for the year ended September 30, 2012, and have issued our report thereon dated December 17, 2012.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in accordance with *Government Auditing Standards*. Disclosures in that report, which are dated December 17, 2012, should be considered in conjunction with this management letter.

Additionally, our audit was conducted in accordance with the provisions of Chapter 10.550, *Rules of the Auditor General*, which govern the conduct of local governmental entity audits performed in the State of Florida. This letter is required to include the following information, which is not included in the aforementioned auditors' report.

Section 10.554(1)(i)1., *Rules of the Auditor General* requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings and recommendations made in the preceding annual financial audit report.

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires our audit to include a review of the provisions of Section 218.415, Florida Statutes, regarding the investment of public funds. In connection with our audit, we determined that Coral Springs Improvement District complied with Section 218.415, Florida Statutes.

Section 10.554(1)(i) 3., *Rules of the Auditor General*, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that we address violations of provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but more than inconsequential. In connection with our audit, we did not have any such findings.

Section 10.554(1)(i)5., *Rules of the Auditor General*, provides that the auditor may, based on professional judgment, report the following matters that have an inconsequential effect on financial statements, considering both quantitative and qualitative factors: (1) violations of provisions of contracts or grant agreements, fraud, illegal acts, or abuse, and (2) Deficiencies in internal control that are not significant deficiencies. In connection with our audit, we did not have any such findings.

Coral Springs Improvement District

Section 10.554(1)(i)6., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the basic financial statements. Coral Springs Improvement District was established under the laws of the State of Florida in Chapter 70-617, as amended. The District does not have any component units.

Section 10.554(1)(i)7.a., *Rules of the Auditor General*, requires a statement be included as to whether or not the local governmental entity has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the District did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Section 10.554(1)(i)7.b., *Rules of the Auditor General*, requires that we determine whether the annual financial report for the District for the fiscal year ended September 30, 2012, filed with the Florida Department of Financial Services pursuant to Section 218.32(1)(a), Florida Statutes, is in agreement with the annual financial audit report for the fiscal year ended September 30, 2012. In connection with our audit, we determined that these two reports were in agreement.

Pursuant to Sections 10.554(1)(i)7.c. and 10.556(7), *Rules of the Auditor General*, require that we apply financial condition assessment procedures. It is management's responsibility to monitor the District's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Pursuant to Section 215.985(12), *Florida Statutes*, and Section 10.554(1)(i)9, the District provided monthly statement(s) to its governing board and made such monthly statement(s) available for public access on its Web site. In connection with our audit, we determined that Coral Springs Improvement District complied with the Florida Statutes.

Pursuant to Chapter 119, *Florida Statutes*, this management letter is public record and its distribution is not limited. Auditing standards generally accepted in the United States of America require us to indicate that this letter is intended solely for the information and use of management, members of the Board of Supervisors, and the Florida Auditor General, and is not intended to be and should not be used by anyone other than these specified parties.
